

# Flamboree 2009 Theme Song – Sparkling Adventure

Brought by “Sjorkoor”

We left just the other day  
with our backpack for the milky way.  
Played some hide 'n seek en route,  
figured black holes hide you pretty good!

## PRE-CHORUS

Constellations beware!  
Me and my friends will soon be there!  
Helmets on for a small  
spark-ling ad-ven-ture for a-aall!

## CHORUS

I know a great thing we could do.  
Just like the stars, let us shine too.  
Lightyears of scouting energy.  
We'll prove how fine this earth can be  
(on Flamboree!)

Sur une carte postale pour toi,  
je t'écrivais “tu le croieras pas  
toutes les choses qu'on fait ici.  
Flamboree c'est le temps de ma vie!”

Opgepast, opgepast.  
Zet je helm op en gesp je vast.  
Tel maar af, doe het hard.  
Zes, vijf, vier, drie, twee, één,  
staaaaart!!

## CHORUS

I know a great thing we could do.  
Just like the stars, let us shine too.  
Lightyears of scouting energy.  
We'll prove how fine this earth can be  
(on Flamboree!)

## BRIDGE

(i saw)... Orion to red dwarfs  
... i'm so glad i am on this trip  
... hey let's dinner on Mars.  
Land the pioneered space shi-iiip!!

## CHORUS x 2

I know a great thing we could do.  
Just like the stars, let us shine too.  
Lightyears of scouting energy.  
We'll prove how fine this earth can be  
(on flamboree!)
